**WANT MORE CHAPTERS? A HELPFUL LOLI IS HIRING:**

**WE NEED TO RELEASE 700 ENGLISH CHAPTERS OF  
THIS COLORED MANGA. PLEASE HELP ME!**

Volunteering won't cost you anything!

Volunteering reduces my workload!

I need Type-setters for this series!!!

Please join!

If you:

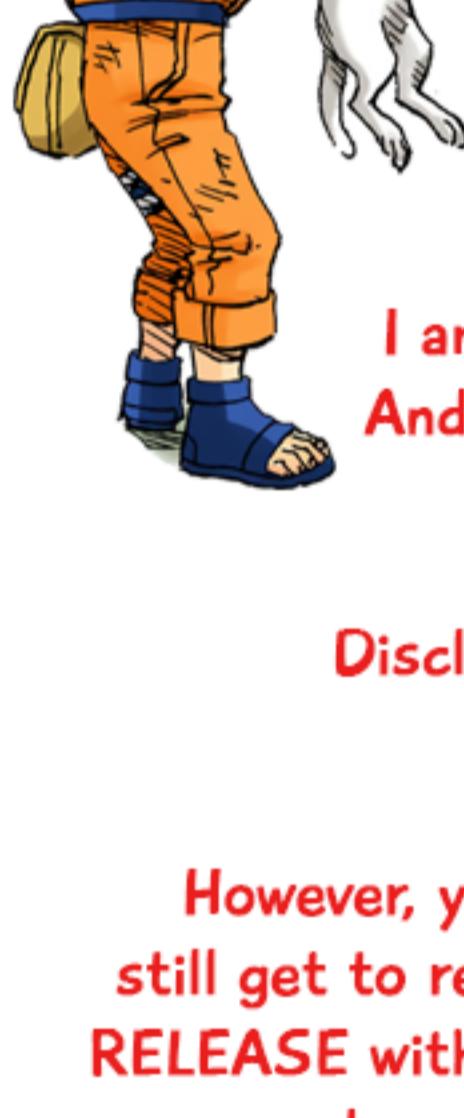

- 1) Have some free time, and some patience.
- 2) Own a Computer
- 3) Have an internet connection
- 4) Create a [Discord.com](https://discord.com) Account, and join this server  
<https://discord.gg/ZTmzect>

and check in once per week at least!

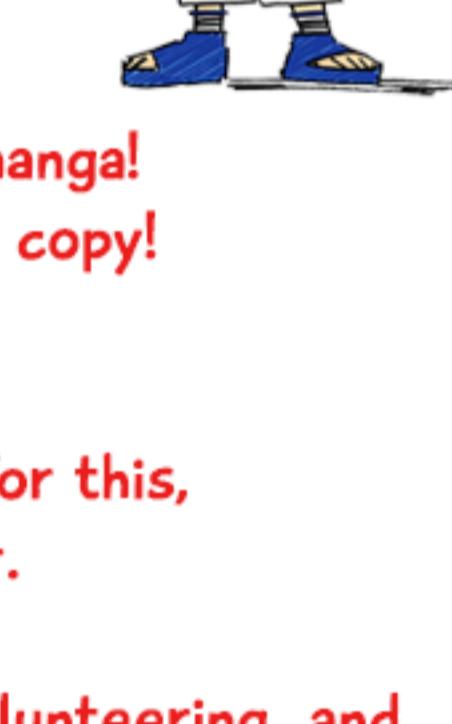

**5) TYPESETTERS = ALL YOU NEED  
IS A KEYBOARD TO TYPE.**

**YOU DON'T NEED TO DRAW ANYTHING,  
NOR ANY ART SKILLS! (I've got that covered.)**

**I ONLY NEED TYPESETTERS!**

Then:

**PLEASE WORK FOR ME!**

I am willing to teach you how to typeset manga!  
And I will provide you the English script to copy!

---

**Disclaimer: Since I don't get paid anything for this,  
that means I don't pay anything either.**

However, you will still learn valuable skills from volunteering, and still get to read manga releases that will **TAKE MUCH LONGER TO RELEASE** without your help, and read future chapters ahead of other readers, **AND** many readers will be happy and thank you!!!

---

Also, this role fixes your boredom by giving you something, other than games, to do. When you typeset manga, you will be credited, and 10 or 20 years from now, your efforts will still be on the internet being read by people. Meanwhile, beating a game = people are gonna forget that happened in the next match. Hope that encourages you to volunteer and come get your free manga typesetting education! If not, then that's okay, it was worth a shot :)

And to my dear readers: if you don't want to work for me, you can still join the Discord server, and thank the volunteers, and wait
